Budget discussion

Mrs. Cruz shared that at a recent leadership team meeting and meeting w/ Dr. Pedicone, the information was given that at this point there will be no further budget reductions during the coming year.

A district funding stream will be available to fund full day kinder. For full day kinder, teachers will be funded ½ from the school budget and ½ from HR. For Title 1 schools, funds will be used from Title 1 to fund kinder. Otherwise, district will fund.

\$5,165 will be allocated for an office manager from the district. This may be used for supplies/monitors.

New PE guidelines have been approved.

Deseg budget: Discussion of priorities – counselor, RTI coach, math coach, librarian

Erin shared staff survey: Full time kinder – most important
 Classroom teacher
 Office manager – least important

Sabrina will investigate as to whether or not a position exists that allows emotional/behavioral assistance without a counseling license.

March 9 – next meeting
