Governing Board Meeting Report

Brichta will not be getting a 6th grade class next year.

At the Governing Board meeting, three campuses were recommended for 6th grade - Laurence, Maldonado, and C.E. Rose - because they met all criteria. C.E. Rose was the only site approved by the Governing Board. Brichta remains a candidate.

The potential for making pre-school available instead of 6th grade was discussed. Money would be borrowed for the set-up (from PTO or another funding source).

The potential for changing our campus to a charter school was discussed.

Sabrina recommends taking these ideas to the district to see which ideas, if any, they are amenable to. Site Council voted to invite the district to our campus to provide us an explanation about why Brichta was not recommended and what our options are currently.

Health Initiative

Cristina recommends that the \$1000 available gets spent. Christina recommends investing on Earth balls and playground balls. Sabrina recommended doing a Survey Monkey in order to get opinions about how to spend the money. Site Council Voted in favor of this. Sabrina will ask Cristina to do the Survey Monkey.

Maryann asked that a family fitness class (such as Zumba) be added to the summer schedule in order to “promote a healthy lifestyle.” Adelle will ask Carol if a 21st CCLC PAF can get through by June 6. Site Council voted to take money (\$60.00) from the CPPW grant if TUSD cannot fund this position by this time.

Budget Discussion

We have spent all of our money.
