

The School Community Partnership Council (SCPC) invites all parents, educators, and community members to attend the “***Kindergarten to College and Career: Supporting Successful School Transitions***” presentation on Monday, April 18, at 6:30 pm in the auditorium at Tucson Magnet High School. A panel of experts will share advice about supporting your child's transition to the next educational level. If babysitting or interpretation services are needed, please advise your principal by April 15 of the number and ages of your children for babysitting, and/or the language for which interpretation is needed, so the appropriate arrangements can be made.
