

# Student Council Challenge

The Student Council Challenge for the first quarter is just around the corner. Please help your child earn the Student Council Challenge award. Listening to your child read 10 to 20 minutes a day can make a difference in their development of reading fluency. As a bonus, you get to build a special bond through the love of reading. Take a minute to read the chart below to see how many words per minute your child has to reach to reach this goal. When your child feels ready for the challenge, have him/her come to my office and I will put them to the test.

Mrs. ALmonte

<b>Grade</b>	<b>Category</b>
Kinder	Recognized all the letter of the alphabet out of order and say the sound each letter makes
First	Clearly read 50 words per minute
Second	Clearly read 100 words per minute
Third	Clearly read 120 words per minute
Fourth	Clearly read 135 words per minute
Fifth	Clearly read 140 words per minute
