**Minutes:**

**1) Minutes:** Minutes from 3-1-10 were approved with spelling corrections and additional information.

Drafts of the Merger Proposal and TUSD 2011 Budget cycle were distributed.

**2) Discussion Items:**

**Merger Proposal-**

- Mr. Ben-Asher has looked over our notes from Monday. He thanked everyone for their work. He would still like to pursue a Wrightstown-Henry event in March. Dates that are later in March were more preferable. He has received feedback from the leadership downtown. We have been encouraged to ask for whatever we need in detail. Our proposal has been looked on favorably so far. The future of the site councils was discussed.
- The five Promethean boards have already been bought and are being reserved for us via Maggie Shaffer.
- Mr. Clark suggested that we be more specific in being in the "top 5" priority for bandwidth upgrade.
- Mr. Ben-Asher reviewed the Capital improvements wish list. Expanding the multi-purpose room and anything that isn't a direct need will not be accepted.
- Changing the mascot and name can be dealt with at a later time once we develop our new community.
- The need for additional storage space was discussed. We must have the space to be able to move everything over.
- The Power Point that Mr. Clark and Ms. Canovas will be presenting on Tuesday, March 9 was reviewed by the Site Council Members.

**Next steps:**

- What do we want to do next? Sub-committees can be meeting. Future meetings were discussed.

**3) Principal Report-** Mr. Ben-Asher didn't have an official report but he reported that the teachers from both sites met together today and started the budget allocation process for next year.

**4) Call to the Audience-** Matt Beem suggested that we get a picture of a Wrightstown and a Henry student in their school shirts for the Power Point presentation for the Governing Board meeting.
