Besides earning an A or B both semesters, students **need to register for Pima College**. Students need their **Social Security number** and can register at home (the instructions are attached) or can be done in class with their teacher. If the student registers **at home** they need to **bring in their Pima number for verification**.

What does becoming a registered Pima College Student mean?

- Qualify to get a Pima College ID
- Can use the Pima College library
- Can use the Pima College computers
- Can talk to advisors at Pima College
- Earn college credits while in high school
